

Literature Review

Colloidal Silver

Medication	Title of Article	PubMed Link
COLLOIDAL SILVER	[A clinical study of gelatamp colloidal silver gelatin sponge on preventing the complication of teeth extraction].	https://www.ncbi.nlm.nih.gov/pubmed/19007075
COLLOIDAL SILVER	Colloidal silver: a novel treatment for Staphylococcus aureus biofilms?	https://www.ncbi.nlm.nih.gov/pubmed/24431107
COLLOIDAL SILVER	Colloidal silver-based nanogel as nonocclusive dressing for multiple superficial pellet wounds.	https://www.ncbi.nlm.nih.gov/pubmed/27453869
COLLOIDAL SILVER	Efficacy of a new medical device based on colloidal silver and carbosimetyl beta glucan in treatment of upper airways disease in children.	https://www.ncbi.nlm.nih.gov/pubmed/21946445
COLLOIDAL SILVER	Efficacy of some colloidal silver preparations and silver salts against Proteus bacteria, one possible cause of rheumatoid arthritis.	https://www.ncbi.nlm.nih.gov/pubmed/24390313
COLLOIDAL SILVER	Nano-colloidal silver and chitosan bioactive wound dressings in managing diabetic foot ulcers: case series.	https://www.ncbi.nlm.nih.gov/pubmed/30207850
COLLOIDAL SILVER	The effectiveness of topical colloidal silver in recalcitrant chronic rhinosinusitis: a randomized crossover control trial.	https://www.ncbi.nlm.nih.gov/pubmed/29178954
COLLOIDAL SILVER	Topical Colloidal Silver for the Treatment of Recalcitrant Chronic Rhinosinusitis.	https://www.ncbi.nlm.nih.gov/pubmed/29696011
